

Solar Warning Light for Vehicles DWS315

PRODUCT PICTURE		
SOLAR PANEL	0.65W	
BRIGHTNESS	10000mcd	
WORKING VOLTAGE	3.6V	
BATTERY	1200Ah Li	
SOURCE	LED	
SOURCE COLOR	YELLOW, RED	
WORKING TYPE	1.Revolving Flash 2.Non-revolving Flash	
Dimension	Diameter:95mm height:14.5mm	
Battery lifespan	3 years	
Nominal night range	800 m	
Horizontal Output	360°	
Vertical output	15°	
Degrees of Protection	IP67	
Autonomy	Can work for 5-7 cloudy and rainy days after being fully charged.	
Temperature range	-25 °C to +70 °C	
Packing details	24pcs to a carton of 48cm*37cm*40cm;12kgs\carton	
Warranty time:	12 months	
Applications	High constructions such as iron tower, telecom tower, airport, high buildings, bridges, etc.	
Features	<ul style="list-style-type: none"> a. Automatically turn on at dusk and off at dawn. b. Completely self-contained, water-proof, lightning-proof, dustproof, anti-vibration, anticorrosion. c. Designed to work in the harshest conditions. d. Charge under almost all-weather conditions. e. No maintenance needed f. Easy installation
